ARE 4929

**Professor David Y. Chang**  
**FLORIDA INTERNATIONAL UNIVERSITY**

## COURSE DESCRIPTION

This course will emphasize the skills necessary for creating landscape paintings by focusing on formal elements such as color, texture, value, volume, and space. We will examine a variety of techniques of painting as well as instructional methodology. It offers specific advice to students struggling to attain vitality of technique and confidence in their pastel and oil painting.

Attendance: Attendance is required for all classes, tardiness and/or early departure more than once may be considered as an absence. Each absence will result in a lower grade. Students are expected to obtain the notes and information for classes they must miss and in some cases, students may request additional assignments to make up the missing credit.

Requirements: Final portfolio - Each student must present all paintings and drawings done in class, and all homework assignments in order to get a final grade.

Students are expected to paint outside of class at least 6 hours per week, and projects must be turned in on due dates. Late work is NOT acceptable.

Critiques are mandatory. Missing a critique is like missing an exam, although making it up is impossible. Students are expected to actively participate in critiques and are expected to master the technical terms used during the semester.

Grading: GRADES WILL BE BASED ON THE FOLLOWING CRITERIA:  
30% Technique and skill.  
30% Development and improvement;  
40% Effort and involvement; participation in critiques; attendance; understanding of the various principles of painting and ability to articulate them.

### GENERAL GRADE INTERPRETATION:

- A -- Outstanding work and effort in and outside of class.
- B -- Very good work and effort, clearly above the minimum requirements.
- C -- Good, but average work and effort, meeting all requirements.
- D -- Below average and contributing less than the required effort.
- F -- Not enough work to justify credit for the course.
